THE FUNNEL IS DEAD: LONG LIVE DEMAND UNITS

If content is king, then demand generation is the new court culture. Smart, decision-based marketing has outgrown the old funnel and kicked it to the curb. It's time to usher in a new age of effective, data-based, human-centric marketing.

Facial Recognition Software to Identify Civil War Soldiers

Thumbnail

A Virginia scientist has developed a free software platform that uses crowdsourcing to significantly increase the ability of algorithms to identify faces in photos. Through the software platform, called Photo Sleuth, Kurt Luther seeks to uncover the mysteries of the nearly 4 million photographs of Civil War-era images that may exist in the historical record.
